For all types of publishers – for you.

What will you get? Choose the best-of-breed approach to managing Contracts, Rights, and Royalties

Klopotek CRR (Contracts, Rights & Royalties) is used for calculating the royalties for more than 1.9 M author contracts on more than Euro 5.0 B publishers' revenue annually. It is the preferred solution of the publishing industry. We contribute to the success of more than 400 publishers with more than 3,000 imprints, with over 24,800 users, in 140+ locations.

Using Klopotek for CRR, publishers benefit from accurate contract document management & better author relationships, from an

optimal preparation for royalty calculation periods, and faster royalty runs – and so much more ...

STREAM development follows an impressive, exceptionally user-centric approach that creates an unrivaled user experience on top of

the functional power of the Klopotek solution. Klopotek Cloud makes available a large number of STREAM web apps via your browser: It has never been so easy to employ a Rights Sales Solution, to acquire rights while ensuring compliance, to manage (various versions of) contracts even at granular level, and to provide reliable, detailed royalty statements your authors will be pleased with.

How does it work? State-of-the-art support for your publishing processes at low cost

As Klopotek Cloud makes use of a shared organization and infrastructure, it is a cost-effective alternative to operating a system on premise.

We take protecting your data very seriously. Your data is therefore processed with great care and in strict compliance with applicable data protection laws. Organizational and technical security measures have been taken to protect your data against the risks of data loss, data theft or data misuse.

Start working immediately, in an easy way, using a configuration based on best practices; the number of your processes in the Cloud can grow with your business requirements.

We are continuously working on enhancing our STREAM apps. These improvements are for the benefit of all customers; no additional fees have to be paid for enhancements to our standard STREAM apps.

STREAM, our modern, cloud-based platform for a great User Experience on any type of device, is operated on a shared instance (available 24/7) providing process optimization and a fast roll-out.

Training made easy

During your 4-week trial period, you'll get one hour of daily training for two weeks from one of our experts. A Q/A session concludes each of the 4 trial period weeks. After this, if you have decided to join the Klopotek Cloud Community, you are welcome to join our weekly one-hour training sessions held by the Klopotek Academy for all our Public Cloud customers. These are free of charge and cover topics which are, from our experience, relevant for handling essential processes with our apps (the agenda of topics will be made available to you; the training cycle will be repeated quarterly). Additionally, in-depth training can be ordered to take place in the form of personal workshops or as web training sessions.

Klopotek Cloud makes use of STREAM technology. The learning curve for STREAM is minimal, so users are trained and can be productive in short time. Plus, as a result of our unified design approach, if you know how to use one app, you know how to use all apps.

Opting for Klopotek Cloud (standard version) will give you 24/7 access to these STREAM web apps / features
